

User Apps Dashboard

<https://apps.pknw1.co.uk/>

The User Apps Dashboard is a central location for users to start using the media services

Users can click to an app or create their own User Account

Users can also create a SSO account which is currently being tested

with an account created, users can access the services below

About different login account types - standard and SSO

Single Sign On / Passwordless

Create one account at [Pocket-ID Server](#) which allows passwordless or One Time Passcode and One Time Email login for certain apps; once logged into one app, auto login to others

- ☒ Jellyfin Server
- ☐ Jellyseerr requests
- ☒ Metube
- ☒ Filebrowser
- ☒ Bookstack
- ☐ Alias Vault
- ☐ Reddit Access

Passwordless popup SSO doesn't work properly on Firefox yet - so this is in test

User/Password

Self Signup via <https://invite.pknw1.co.uk> which creates a managed account on

- ☒ Jellyfin Server
- ☒ Jellyseerr requests
- ☐ Metube
- ☒ Filebrowser
- ☐ Bookstack
- ☐ Alias Vault
- ☒ Reddit Access

Service

Info

SSO / key

ID/Pass

 	A media service to replace your paid subscriptions such as Netflix, Disney, Amazon Prime etc Each week all the latest Movies are added as soon as available to download - plus you can add future releases for the requests service to monitor and download when it's available Also a selection of TV shows which users can add to by requesting a show and selecting to download previous seasons on just upcoming ones You can also use the Youtube downloader which will download any content you request, cut out all the adverts and sponsor clips and upload it to the YouTube section
